

Third Quarter 2021

Description of the Fund

Tekla Healthcare Investors ("HQH") is a non-diversified closed-end healthcare fund traded on the New York Stock Exchange under the ticker HQH. HQH primarily invests in healthcare industries with an emphasis on mid to large cap biotechnology and pharmaceutical growth companies with a maximum of 40% of the Fund's assets in restricted securities of both public and private companies.

Investment Philosophy

Tekla Capital Management LLC, the Investment Adviser to the Fund, believes that:

- Aging demographics and adoption of new medical products and services can provide long-term tailwinds for healthcare companies
- Late stage biotechnology product pipeline could lead to significant increases in biotechnology sales
- Investment opportunity spans 11 sub-sectors including biotechnology, healthcare technology, managed care and healthcare REITs
- Robust M&A activity in healthcare may create additional investment opportunities

All performance over one-year has been annualized.

*Since commencement of operations of fund (4.22.87).

Performance data quoted represents past performance, which is no guarantee of future results, and current performance may be lower or higher than the figures shown. The NAV total return takes into account the Fund's total annual expenses and does not reflect transaction charges. If transaction charges were reflected, NAV total return would be reduced. All distributions are assumed to be reinvested either in accordance with the dividend reinvestment plan (DRIP) for market price returns or NAV for NAV returns. The market price returns reflect the reinvestment at the closing market price on the last business day of the month.

Third Quarter 2021 Fund Yield and Distributions

Market Price Distribution Rate ³	Distribution Per Share	Record Date	Payable Date
8.13%	\$0.52	August 27, 2021	September 30, 2021

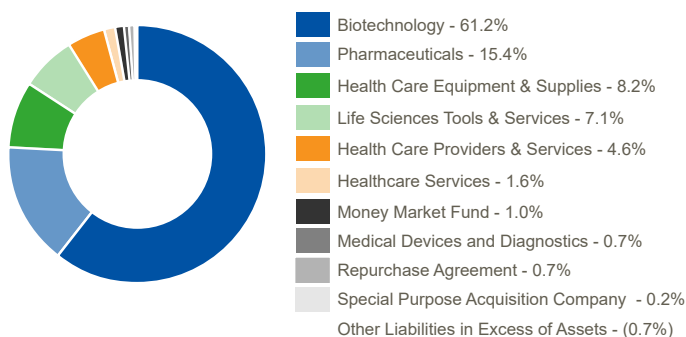

³ Current quarter's distribution per share annualized, plus excise distribution, divided by the September 30, 2021 market price per share. The Fund's third quarter 2021 distributions were estimated to be comprised of short-term capital gains and return of capital. The distribution rate alone is not indicative of Fund performance. The character of the current distributions was estimated and disclosed in a Section 19(a) Notice located under the "Investor Information" section of the Fund's website. Please note that the distribution classifications are preliminary and certain distributions may be re-classified at year end. Please refer to year-end tax documents for the final classifications of the Fund's distributions for a given year.

Risk Considerations

This information does not represent an offer to sell securities of the Fund nor is it soliciting an offer to buy securities of the Fund. There can be no assurance that the Fund will achieve its investment objective. The value of the Fund will fluctuate with the value of the underlying securities. Historically, closed-end funds often trade at a discount to their net asset value. Both the net asset value and the market value of shares of common stock may be subject to high volatility and a decline in value. An investment in the Fund includes, but is not limited to, risks and considerations such as: **Limited Operating History, Market Risk, Equity Securities Risk, Selection Risk, Concentration in the Healthcare Industries, Pharmaceuticals Sector Risk, Biotechnology Industry Risk, Managed Care Sector Risk, Life Science and Tool Industry Risk, Healthcare Technology Sector Risk, Healthcare Services Sector Risk, Healthcare Supplies Sector Risk, Healthcare Facilities Sector Risk, Healthcare Equipment Sector Risk, Healthcare Distributors Sector Risk, Healthcare REIT Risk, Interest Rate Risk, Credit/Default Risk, Non-Investment Grade Securities Risk, Derivatives Risk, Risks Associated with the Fund's Option Strategy, Counterparty Risk, Regulation as a "Commodity Pool", Liquidity Risk, Convertible Securities Risk, PIPEs Risk, Leverage Risk, Restricted Securities, Emerging Markets Risk, Foreign Securities Risk, Key Personnel Risk, Discount to NAV Risk, Anti-Takeover Provisions Risk, Related Party Transactions Risk, Non-Diversification Risk, Government Intervention, Market Disruption and Geopolitical Risk, Potential Conflicts of Interest Risk.**

Please consider the Fund's investment objective and risks carefully before you invest. The Fund may seek to enhance the level of the Fund's current income and capital appreciation potential through the use of leverage. Certain risks are associated with the leveraging of common stock. Both the net asset value and the market value of shares of common stock may be subject to higher volatility and a decline in value.

Tekla Capital Management LLC is the Fund's investment manager. Destra Capital Advisors LLC, a registered investment advisor, is providing secondary market servicing for the Fund.
