## Notification of Sources of Distribution

Distribution Paid Date: November 30, 2020

Distribution Amount Per Common Share: \$0.1125

The following table sets forth the estimated amounts of the current distribution, paid November 30, 2020, and the cumulative distributions paid this fiscal year-to-date from the following sources: net investment income, net realized short-term capital gains, net realized long-term capital gains and return of capital or other capital source. The Fund estimates that it has distributed more than its income and net realized capital gains; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all the money that you invested in the Fund is paid back to you. A return of capital distribution does not necessarily reflect the Fund's investment performance and should not be confused with 'yield' or 'income'. All amounts are expressed per common share.

The composition of this and subsequent distribution may vary from month to month because it may be materially impacted by future realized gains and losses on securities. The aggregate of the net unrealized appreciation of portfolio securities and net realized losses on sale of securities is \$80,186,887, of which \$86,938,569 represents net unrealized appreciation of portfolio securities.

The amounts and sources of distributions reported in this 19(a) Notice are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

<sup>1</sup> The Fund's current fiscal year began on October 1, 2020.

<sup>2</sup> Cumulative total return at NAV is the percentage change in the Fund's NAV and includes all distributions and assumes the reinvestment of those distributions for the period of September 30, 2020 through October 31, 2020.
